Glossary

SB2 (official ballot town meeting)

Rindge holds town meeting in two parts. At the Deliberative Session voters discuss and can amend articles. A few weeks later everyone votes by ballot on the second Tuesday of March. RSA 40:13

Deliberative Session

The first session, held on a Saturday between the first and second Saturdays after the last Monday in January. Amendments are allowed, but they cannot remove an article's subject. RSA 40:13, III–IV

Warrant article

A question on the town ballot. The Select Board places most articles; 25 registered voters (or 2%, if fewer) can petition one onto the warrant. RSA 39:3

Default budget

The budget that applies if voters reject the operating budget: last year's appropriations, adjusted for debt service, contracts and legal obligations, minus one-time spending. Rindge went to default in 2011, 2021, 2025 and 2026. RSA 40:13, IX(b)

Capital reserve fund (CRF)

Money voters set aside for a future purchase, such as a truck or the revaluation. The fund's article says what it can be used for. Plain-language summary

ZBA (Zoning Board of Adjustment)

Five elected members serving 3-year terms. Hears appeals of zoning decisions and decides variances and special exceptions. Any action needs 3 concurring votes. Zoning Ord. Art. XV; RSA 674:33

Variance

ZBA permission to depart from the zoning ordinance. The applicant must meet all five tests: not contrary to the public interest, the ordinance's spirit is observed, substantial justice is done, surrounding values are not diminished, and enforcement would cause unnecessary hardship. Valid for 2 years unless used. RSA 674:33

Special exception

A use the ordinance allows only if the ZBA finds the listed conditions are met: no excessive traffic, noise or odors, no harm to nearby values, adequate septic, water and parking, and the town's attractiveness preserved. Zoning Ord. Art. XV.B

Frontage

The length of a lot along a public road maintained by the town or state, or in an approved subdivision, "to which the lot has legal right of access". Rindge requires 250 ft in every district. Zoning Ord. Art. XX #17

Class VI road

A public way the town does not maintain, including roads discontinued and made subject to gates and bars. RSA 229:5, VII

Conditional Use Permit

A Planning Board permit for uses the ordinance allows only under conditions, such as short-term rentals or home-based businesses in the Res-Ag district. Zoning Ord. Art. XII; RSA 674:21

3/5 vote

Bond articles need 60% yes, not a simple majority. Several Rindge articles have won a majority but still failed this test. As printed on Rindge bond ballots (see Trends)

About the dates. The town's online agendas and minutes begin in **Sept 2024**. Earlier history here comes from annual reports and press, so "first found" is the earliest record found, not necessarily when an issue first arose. For older minutes, submit a records request to the Executive Secretary or Town Administrator at the Town Offices.

Key dates: fall 2026 and the March 2027 ballot

The next town vote is Tuesday, March 9, 2027, and most deadlines before it are worked out from state law rather than posted by the town.

In plain language

The next town vote is Tuesday, March 9, 2027. The town has not posted its 2027 calendar yet, so most deadlines here are worked out from state law. Confirm any date with the Town Clerk's office before relying on it.

The town has posted almost none of these dates. Most come from regular meeting patterns (labeled unofficial / inferred) or from state law and the NH Municipal Association's generic 2027 SB2 calendar (labeled derived). Confirm every date with the Town Clerk.

Tax rate per $1,000 of assessed value, 2020–2025

Official · 2025 Annual Report

Each bar is the total rate split into its four parts, on a common $0–$30 scale. The 2025 drop reflects the revaluation: assessed values roughly doubled, so the rate per $1,000 fell. It does not mean every tax bill fell. In 2025, local school was 60.6% of the rate, town 17.7%, county 14.6% and state education 7.1%.

The 2025 and 2024 tax rates ($13.79 and $25.31) are not comparable. The 2025 revaluation roughly doubled assessed values (net valuation $1,466,136,314), so the rate per $1,000 fell. It does not mean bills were cut in half. Official

2025 gross appropriations of $6,134,500 appear on the tax-rate calculation page, but the figure is from a scan and uncertain. Official · scan, verify against PDF

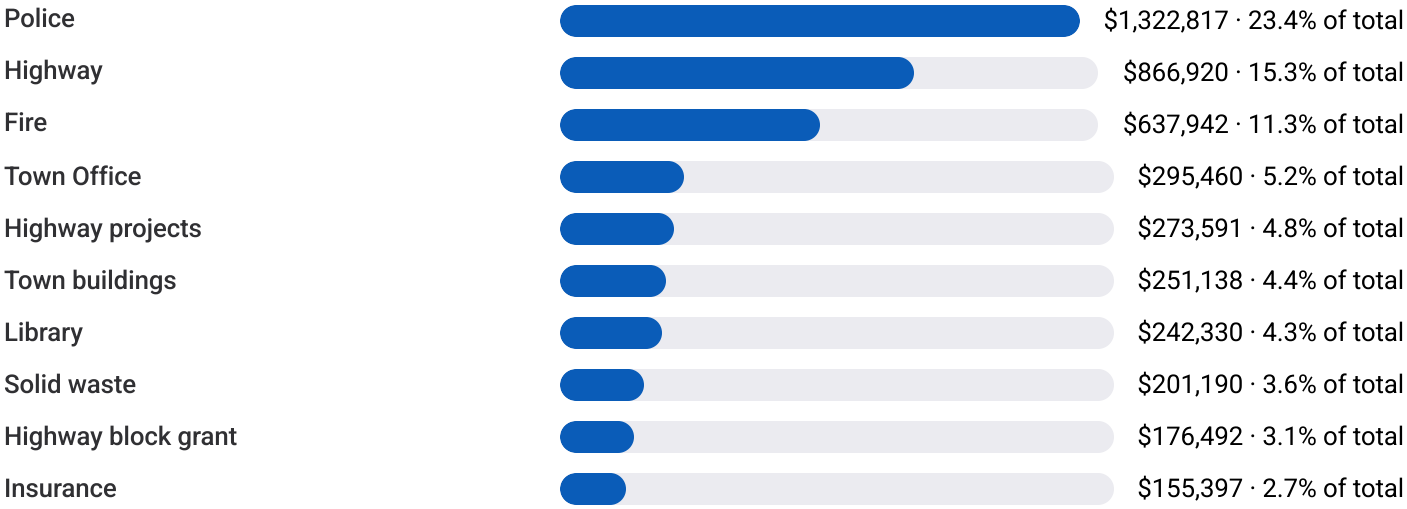

2026 vote results are press-reported (Monadnock Ledger-Transcript, Mar 11, 2026). The town's results sheet was not located. Press-reported

The 2023 and 2024 annual reports both print 497-256 for the operating budget. Both are withheld pending a check of the ballots. Withheld: suspect duplicate tally

Trends, 2011–2026

How budget votes, zoning changes and tax rates have moved since 2011.

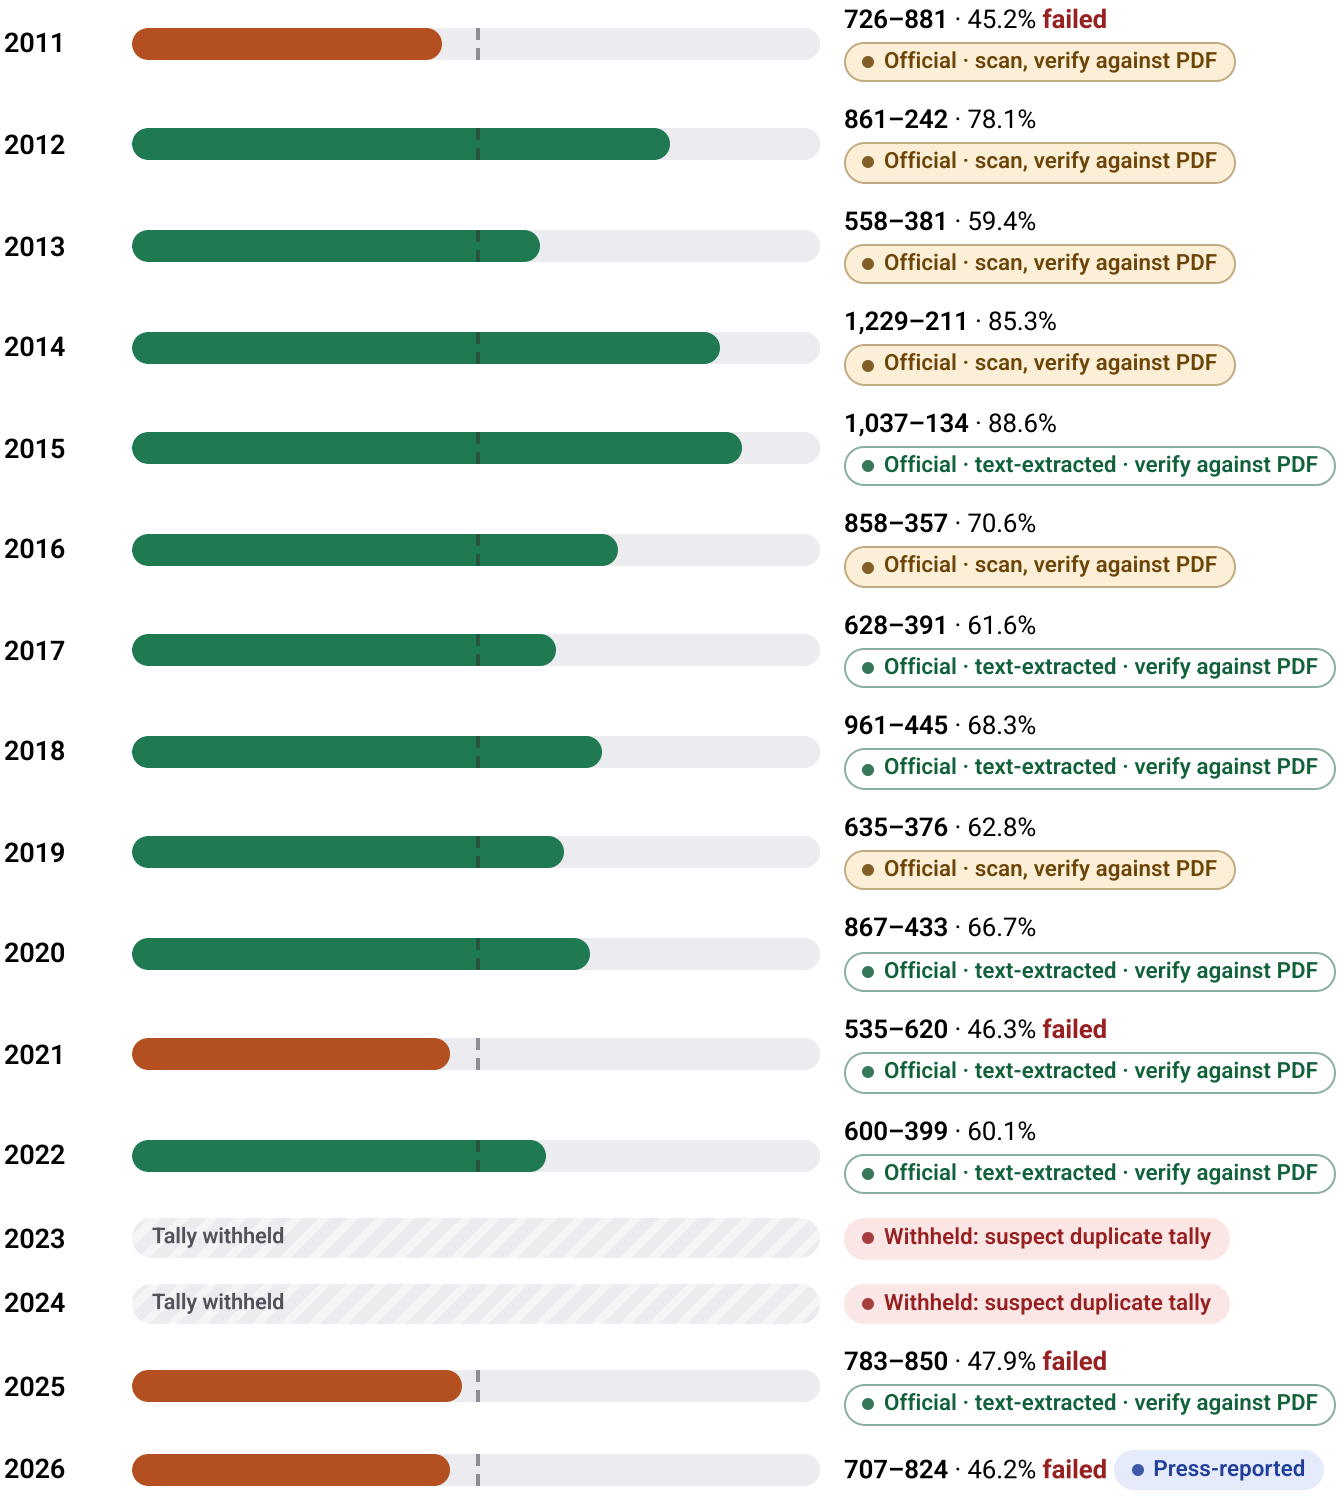

In plain language

Since 2011 voters have approved the town budget in most years but rejected it in 2011, 2021, 2025 and 2026. Zoning changes usually pass. Numbers read from scanned reports are marked so you can check them against the original.

Built from the town's annual reports (2011–2025), the town's board index pages and press reports for 2026. Every value is labeled. Values read from scans are marked "verify against PDF", and figures that look like printing errors are withheld.

Total tax rate per $1,000 of assessed value, 2010–2025

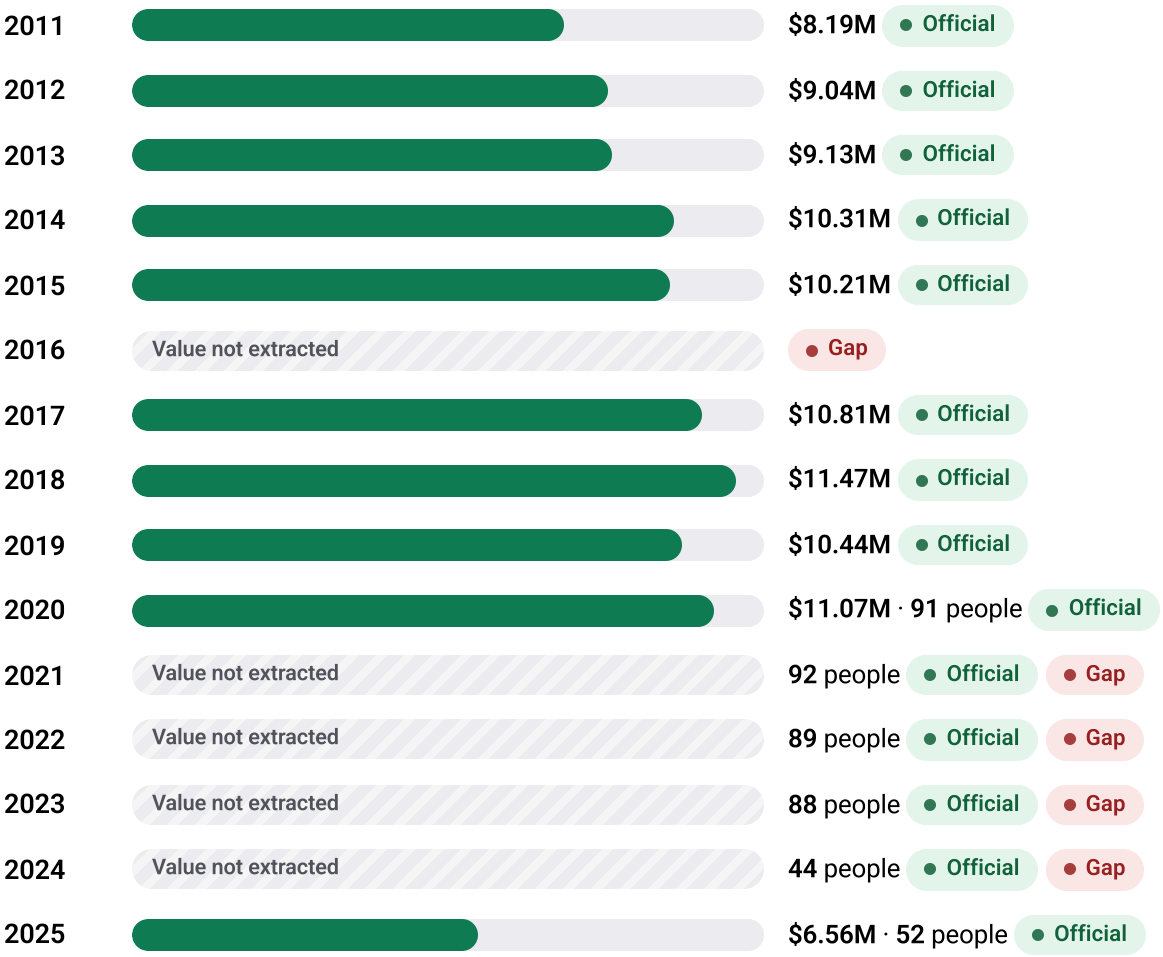

Totals are the sum of the printed town, local school, state education and county rates. In revaluation years (2015, 2020, 2025) assessed values were reset, so the rate per $1,000 dropped. That does not mean bills fell by the same amount. The parts of the rate for 2020–2025 are in the Numbers section.

Plain-language notes on Rindge's zoning, its regulations and the state laws behind them, each linked to the official text.

In plain language

Rindge's zoning ordinance sets lot sizes, setbacks and frontage (250 feet on a public road in the residential and village districts). State law sets how rules change: zoning changes and citizen petitions go to voters on the March ballot. This is a summary, not legal advice.

Summary, not legal advice. These plain-language notes point to the official text. Laws change; read the linked source and check with the Planning Department, Town Clerk or a lawyer before acting.

How a zoning change becomes law

How a citizen petition works

1. **Write it**

   Draft the question in warrant-article form. The Select Board may make only minor wording changes.

2. **Signatures**

   25 registered voters, or 2% of the checklist if fewer, and never fewer than 10 (RSA 39:3).

Local · Zoning Ordinance (amended Mar 11, 2025)

LOCAL **Art. I: Preamble**

Adopted March 14, 1961 under RSA 672–677. Ten separate ordinances are part of the zoning ordinance: Sign, Wetland Conservation District, Phased Development, Aquifer Protection, Underground Storage Tank, Floodplain, Sexually Oriented Business, Wireless Telecommunication, Accessory Dwelling Unit and Small Wind Energy.

What it means for Rindge: All of these are enforced as zoning, and changing any of them takes a ballot vote.

Official Source

LOCAL **Art. II: Districts**

Eight districts: Residential, Residential-Agricultural, Village, College, Business-Light Industry, Commercial, Gateway Central and Gateway East, shown on the zoning map dated Sept 9, 2008.

What it means for Rindge: The town posts a "2025 Zoning Map", but the article still cites the 2008 date (an open question for the Planning Department).

Official Source

LOCAL **Art. III: General provisions**

Applies everywhere. Any use not listed is prohibited (added 2025, 999-611). Building permits are required, and the State Building Code applies (2023). No building within 50 ft of the high-water line of a water body (III.G.4). Height limit 45 ft (III.L). Road acceptance goes through a Roadway Committee (III.K). Rules for home occupations (III.J) and campers (III.N).

What it means for Rindge: Check here first before building or changing a use.

Official Source

LOCAL **Art. III.I: Planned Unit Residential Development (PURD)**

The Planning Board may vary density and frontage in a PURD. Overall density cannot exceed one unit per minimum lot size; ADUs added later are exempt from the density limit (2024). Allowed in the Residential, Res-Ag, Village and College districts.

What it means for Rindge: This is how cluster subdivisions such as Saybrook were approved.

Official Source

LOCAL **Art. III.S: Short-term rentals**

Renting all or part of a dwelling for less than 30 days needs Site Plan approval and a Planning Board Conditional Use Permit. Occupancy is limited to 3 people per bedroom, and septic, water, parking and life safety are reviewed.

What it means for Rindge: In effect since the March 11, 2025 vote (881-717). Before that, rentals were a permitted accessory use with parking rules only.

Official Source

LOCAL **Arts. IV–XI: District rules**

Residential (IV): single-family only. Res-Ag (V): farms and one- or two-family homes, with multi-family by special exception. Village (VI): adds small offices and shops with site plan review. College (VII): adds college uses. Commercial (VIII): no fuel or vehicle sales. Business-Light Industry (IX): adds vehicles, manufacturing and trucking. Gateway Central and East (X–XI): mixed use on Routes 119 and 202, with 30% open space.

What it means for Rindge: See the dimensional table below for frontage, lot size and setbacks.

Official Source

LOCAL **Art. XII: Conditional Use Permits**

The applicant must show the use conforms to area and setback rules and the Master Plan, keeps the ordinance's spirit, does not harm health or safety, causes no excessive noise or loss of nearby values, and "will not adversely affect wetlands or the ground water resources".

What it means for Rindge: Used for short-term rentals, home-based businesses (Res-Ag) and motor vehicle repair (Gateway East).

Official Source

LOCAL **Art. XIII: Nonconforming uses and lots (incl. XIII.E)**

A nonconforming use stopped for a year must then conform. Expanding a nonconforming building needs a ZBA special exception. XIII.E: a lot of record that is too small for current frontage or area rules can still hold one single-family home, but setbacks apply.

What it means for Rindge: Covers many older Rindge lots. Voters deleted the forced-merger rules in 2015 (864-307 and 828-334).

Official Source

LOCAL **Art. XV: Board of Adjustment, special exceptions and variances**

Five elected members. XV.B sets the special-exception test. XV.C lets the ZBA grant variances when the applicant meets all the criteria required by law (RSA 674:33).

What it means for Rindge: Frontage shortfalls are the most common reason Rindge owners go to the ZBA.

Official Source

LOCAL **Arts. XIV, XVI–XIX: Enforcement, amendment, penalty**

The Select Board enforces (RSA 676:15–19). Amendments are made by town meeting vote (RSA 675:3), penalties follow RSA 676:17, and amendments take effect on passage.

Official Source

LOCAL **Art. XX: Definitions**

State · Zoning powers and boards

STATE **RSA 672:1 and 672:3: Purpose; who is an abutter**

Land-use regulation is a local responsibility within state limits. An abutter is anyone whose NH property adjoins, or is directly across the street or stream from, the land under review.

What it means for Rindge: Abutters get notice of Rindge Planning Board and ZBA hearings and can appeal.

State law Source

STATE **RSA 673:1 and 673:3, V: Boards; dual-member recusal**

Town meeting may create a planning board. Since 2025, a person on both the ZBA and the Planning Board must not vote at the ZBA on a matter they voted on at the Planning Board.

What it means for Rindge: Applies if any Rindge member sits on both boards.

State law Source

STATE **RSA 674:16–19: Zoning power, purposes, existing uses**

Only town meeting can adopt or amend zoning. Zoning must serve listed purposes such as health, safety and preventing overcrowding. It does not apply to existing structures and uses, though it can apply to substantial changes.

What it means for Rindge: Every Rindge zoning change, including the wetlands and back-lot ideas, must pass at the ballot.

State law Source

STATE **RSA 674:16, VII–VIII: Parking cap and occupancy floor (2025)**

State · Housing and ADUs

STATE **RSA 674:58–59: Workforce housing**

Every town's land-use rules must give "reasonable and realistic opportunities" for workforce housing, including rental multi-family housing.

State law Source

STATE **RSA 674:71–73: Accessory dwelling units**

Towns must allow one ADU, attached or detached, by right wherever single-family homes are allowed. The size cap is 950 sq ft unless the town allows more, and a town cannot set it below 750 sq ft. A town may require the owner to live in one unit but cannot say which. Existing structures such as garages can be converted even if their setbacks are nonconforming. Amended 2025 and 2026 (effective Aug 31, 2026).

What it means for Rindge: Rindge updated its ADU ordinance to match in March 2026.

State law Source

STATE **RSA 674:79–81: Multi-family on commercial land; child care**

Per state and association summaries, from July 1, 2026 towns must allow multi-family housing on commercial land where roads, water and sewer are adequate, and must allow licensed child care centers by right in commercial zones. The statute pages were not checked.

What it means for Rindge: Rindge's commercial districts may need updates; status unverified.

State · Roads and frontage

STATE **RSA 674:41: Building permits and road access (Class VI, private roads)**

A building permit generally needs access from a Class V or better road, a road on an approved plat, a Class VI road with a recorded liability waiver and other statutory conditions, or a private road meeting the statute's conditions. The 2025 changes (SB 281, HB 296) are in the current text; the State planning office gives July 1, 2026 as the Class VI effective date.

What it means for Rindge: Rindge's 250 ft frontage rule can still require a ZBA variance. Ask the Building Department before buying or building on a Class VI road.

How do I get a building permit?

Steps

1. Check zoning first: district, setbacks, frontage and wetlands. For anything beyond a simple house, call Planning (x117). A permit is required before any building goes up (Zoning Art. III.A).
2. Get the right form from the Building Department documents page. Attach plans and pay the fee with the application; inspections are not scheduled until payment is in.
3. Applications are reviewed every Wednesday at 10 am.
4. Request each inspection at least 24 hours ahead by phone or text to (603) 969-3354. Do not request inspections by email.
5. Get a certificate of occupancy before moving in or changing use, including seasonal to year-round (Zoning Art. III.C).

Fees (2026 schedule, scanned; verify before quoting). Minimum $60. New one- or two-family home $0.40 per sq ft of living area; basements, garages, decks and porches $0.25 per sq ft. Additions $0.40 per sq ft. Demolition $65. Pools $60. Starting work without a permit doubles the fee, and violations can cost $100 a day.

Single-family homes. Single-family homes and duplexes do not need Planning Board site plan review.

Who handles it. Building Department, (603) 899-5181 x109, buildingdept@rindgenh.gov.

Legal basis. Zoning Ordinance Art. III.A and III.C; NH State Building Code (RSA 155-A).

How do I get a driveway permit?

Steps

1. Get the Residential (or Commercial) Driveway Access Permit Application from the Planning Board applications page.
2. Check the Driveway Regulations: residential driveways 10–20 ft wide; sight distance by road speed (150 ft at 25 mph up to 400 ft at 60 mph); runoff must not enter the road.
3. Attach a sketch plan. A rough drawing is accepted.
4. Pay two checks to the Town of Rindge: a $50 application fee and a $500 security bond, which may be returned once the driveway passes.
5. Public Works inspects before approval and before construction starts.

Class VI or private road. Building on a Class VI or private road needs a Class VI Road Waiver (RSA 674:41). The fee is $50 total, in two checks: $12.78 to the Cheshire County Registry of Deeds and $37.22 to the Town.

Who handles it. Planning Department (x117); inspection by Public Works.

Legal basis. RSA 236:13; Zoning Art. III.A.2; Driveway Regulations (amended Dec 5, 2017).

Check first:

- The form is dated 2012. Ask Planning whether the $50 and $500 amounts are current.

How do I put in a septic system or work near wetlands?

Steps

1. A licensed NH septic designer prepares the plan. NH DES must approve construction before you build, and approve operation before use.
2. Rindge's Wetlands Conservation District Ordinance: a new septic tank or leach field must be at least 100 ft from surface waters and vegetated wetlands; septic piping at least 50 ft. No building or pavement within 50 ft. No fertilizer (other than limestone) within 25 ft.
3. Work in wetlands or streams usually needs a NH DES wetlands permit. Land within 250 ft of public waters is protected shoreland.
4. Talk to the Planning Department early. The Conservation Commission gets notice of applications affecting the wetlands district.

Pending change. The Planning Board has discussed changing the septic setback from 100 ft to 75 ft for the March 2027 ballot. No amendment text was posted as of Oct 9, 2026, so 100 ft is the rule today.

Who handles it. NH DES, (603) 271-3503; locally Planning (x117) and Code Enforcement (x115).

Legal basis. RSA 482-A, 483-B, 485-A; Rindge Wetlands Ordinance.

How do I rent my home short-term (under 30 days)?

Steps

Known gaps and conflicts

Where sources disagree and what could not be found, so you know what to double-check.

In plain language

No source is perfect. This part lists where sources disagree and what could not be found, so you know what to double-check.

Where sources disagree, and what was not available, as of Oct 9, 2026.

Conflicts between sources

- Conflict — **Forristall Rd variance (Case 2026-12).** The ZBA's Sept 22 draft minutes show the variance granted 4-1. On Oct 7 the Select Board voted 3-0 to request a rehearing (from meeting audio; unofficial). Neither the ZBA nor the Select Board has posted a record of the request yet.

- Conflict — **Default budget amount.** The official warrant gives $5,654,177. The Ledger-Transcript reported $5.64M (and $5.65M in January); the Keene Sentinel reported $5.7M. This site uses the warrant figure.

- Conflict — **Draft vs. final 2026 warrant.** The Jan 7 draft had a $25,000 Revaluation CRF (pulled Jan 21), a $150,000 Highway CRF (the final article was $185,000), a Land Use Change Tax share of 20% (amended to 99% at the Deliberative Session), and different article numbers (the veterans' credit was Art. 11 in the draft and Art. 12 on the final warrant).

- Conflict — **Deliberative Session timing.** The Town Clerk's elections page describes the session as typically the first Saturday of February, but the 2026 session was Sat Jan 31, the earliest legal date. The 2027 date (between Jan 30 and Feb 6) has not been posted.

- Conflict — **Petition deadline.** The general RSA 39:3 "fifth Tuesday" rule would give Feb 2, 2027, but SB2 towns follow RSA 40:13: the second Tuesday in January (Jan 12, 2027). The town has not posted this date.

- Conflict — **Election results source.** The town's results page (news item T2_R44) returned 404 on Oct 9. The Ledger-Transcript and Keene Sentinel report the same tallies; the Sentinel lists the budget as 824-707 (no-yes).

- Conflict — **Conservation Commission position on 75 ft.** "Opposes" appears only in an automated summary. Official minutes show concerns and a consultant review, but no vote or position.

- Conflict — **2023 and 2024 budget tallies.** The 2023 and 2024 annual reports both print 497-256 for the operating budget, and 2024 Articles 5 and 9 (zoning Amendments 4 and 8) both print 666-237. These tallies are withheld here until the Town Clerk confirms them.

- Conflict — **2018 Article 13 (250th Anniversary trust fund).** Unresolved. The typed minutes show a 715-715 tie (a tie fails), but a handwritten recount note on the ballot page reads 711-707. Later records show the fund existed.

- Conflict — **Elderly married income limit.** The 2025 MS-1 report prints $49,000 (the figure set by the 2012 petition); the 2020 MS-1 printed $50,000. Single ($35,000) and asset ($150,000) limits match.

- Conflict **2021 elderly exemption article.** The 2021 report prints the original Article 19 wording (lowering the limits). The Deliberative Session had amended it into a study committee, and the 748-376 vote was on the study article.

- Conflict **2023 zoning vote date.** The 2023 report gives March 14, 2023; the Wetlands Ordinance cover and the amendment list say March 28, 2023.

- Conflict **2016 Deliberative Session date.** The 2016 report (scan) says Sat Jan 30, 2016; an unofficial copy of the minutes says Sat Feb 6, 2016.

- Conflict **2025 default budget.** Select Board minutes and the 2025 report give $5,487,882; the Ledger-Transcript reported $4.49M. The Select Board later found errors and filed an amended default (Nov 12, 2025).

- Conflict **2025 revaluation increase.** The town's reassessment page gives an average residential increase of 89.6%; Select Board minutes cite about 96.7%. They may measure different things.

Gaps: not found or not posted

- Gap — Select Board minutes not posted: Apr 15, Apr 22, May 6, Aug 26, Sept 9, Sept 23, Oct 7. The Mar 25 minutes link does not open a PDF.
- Gap — Planning Board minutes for Sept 1 and Oct 6 not yet approved; no subcommittee minutes after Apr 6. No recording of the Oct 6 meeting was found.
- Gap — Conservation Commission minutes for Aug 27 and Sept 24 not posted; Sept 24 and Oct 12 outcomes unknown. The LEC review report itself was not found.
- Gap — Budget Advisory Committee: no 2026 minutes posted. A joint Select Board/BAC FY28 budget meeting (Sept 22 or 28; sources disagree) has no official agenda or minutes, and its recording was not reviewed.
- Gap — Non-public sessions are not recorded or summarized.
- Gap — School district: agendas, minutes, enrollment and budget figures not reviewed.
- Gap — No March 2027 zoning amendment text or hearing notice posted.
- Gap — No Rindge-posted 2027 election calendar, petition deadline or Deliberative Session date.
- Gap — The town's official 2026 election results page returned 404 on Oct 9, so election tallies here are press-reported. Tallies for Articles 12-14 were not found.
- Gap — Several approved ZBA minutes are image scans; the text of the corresponding draft minutes was used. Case 2026-05 was not located.
- Gap — Sept 9, Sept 23 and Oct 7 Select Board items come from machine speech-to-text of the meeting audio; names, amounts and outcomes are approximate until minutes are posted.
- Gap — The Wetlands Conservation District Ordinance file is dated 2023; later amendments were not confirmed.
- Gap — The town ZBA index also lists 2024-2025 documents with ambiguous dates; only 2026-folder documents are shown here.
- Gap — The town's online agendas and minutes start in Sept 2024. Older minutes need a records request to the Executive Secretary or Town Administrator, so any "first found" date before Sept 2024

comes from annual reports or press and is an upper bound.

Gap	Annual reports for 2011–2014, 2016 and 2021 are scans. Tallies read from them are marked "scan, verify against PDF". 2018 zoning tallies are cropped in the scan, and illegible digits are not shown.
Gap	March 2026 results are not in any annual report yet; the 2026 figures on this site are press-reported.
Gap	Turnout for 2021–2026 and elderly exemption totals for 2016 and 2021–2024 were not found.
